

A close-up photograph of the Ukrainian tricolor (blue and yellow) and the Dutch tricolor (red, white, and blue) flags, partially overlapping. The image is used as a background for the top left portion of the slide.

Insights from Hop-On Call for Researchers Based in Ukraine

NWO-NRFU Partnership

Initiative 2023

NWO Hop-On Call for Proposals for Researchers Based in Ukraine: NWO-NRFU Partnership Initiative

Barbara Dammers-Szenasi
NWO

Introduction Dutch Research Council (NWO)

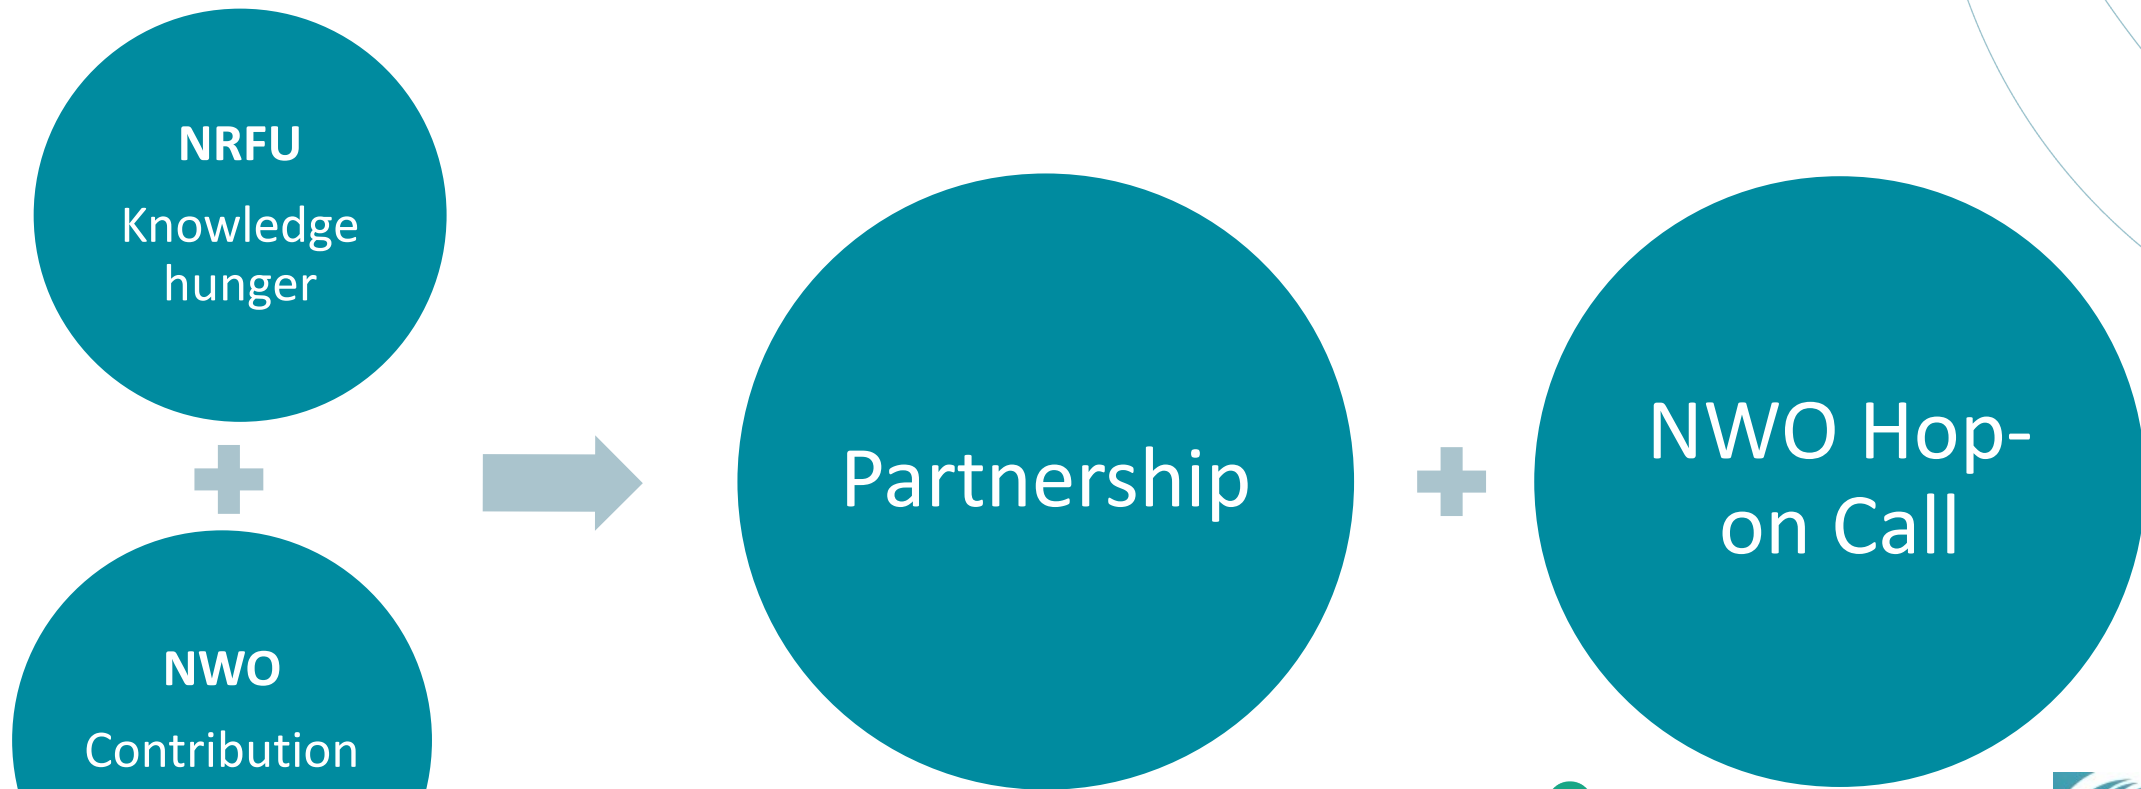

Science funding body in the Netherlands

Mission

- Encourage national and international collaboration
- Facilitates knowledge utilisation
- Advance high-quality scientific research with scientific and societal impact
- Brings researchers and societal partners together

Start of the collaboration

Aim of the collaboration

- Cooperation between Dutch and Ukrainian scientists in any discipline
- Stimulation of remote participation of qualified researchers in Ukraine in ongoing NWO projects

Benefits for Ukrainian scientists

- Continuation of scientific careers under difficult conditions
- Extend professional network in the Kingdom of the Netherlands

Benefits for Dutch scientists

- Extend professional network in Ukraine
- Add extra dimension to their project

Application process

- Who could apply?
 - a **pair** of Ukrainian and Dutch scientist
- What could be applied for?
 - Max. available NWO budget: € 250,000.00
 - Collaboration of 6-24 months
 - Remuneration costs of Ukrainian research partner & material costs
 - Max. funding per Ukrainian researcher: **€ 25,000.00**
 - Proposals **awarded on a “first come, first served” basis**

Awarded grants

- 13 grants awarded
- Variety of disciplines and type of research
- Call opened in September 2023
- Call closed in February 2024
